ABOUT PLANNING SEEDS

Planning Solidarity Economy Districts

for Social, Economic, and Environmental Sustainability

01

Project description

Planning Seeds aims to create a shared European methodological framework and a Handbook for the creation and management of Solidarity Economy Districts.

02

General objectives

Improve the recognition of the social economy and its potential by raising awareness and visibility through local social experiments of short food supply chain.

03

Specific objectives

- Creation of SFSCs and Solidarity Economy Districts (SEEDs) connecting citizens and key territorial stakeholders;
- Building a community of practice at European level to connect citizens ;
- Respond to the issues of the social economy sector.

ABOUT THE COURSE

The training content will focus on practical applications and case studies of **SFSCs** and experiments in **social economy innovation**, as well as **entrepreneurial** and **sustainability skills**.
